SEMI-ANNUAL

WHOLESALE TRADE LIST

OF THE

Niagara Nurseries

FOR THE FALL OF 1874.

E. MOODY & SONS,

PROPRIETORS,

LOCKPORT, N. Y.

THIS LIST IS INTENDED

For Nurserymen, Dealers and Others Buying at Wholesale.

LOCKPORT, N. Y. :

M. C. RICHARDSON & CO., PRINTERS, 91 MAIN STREET.

1874.

ANNOUNCEMENT.

In presenting our Trade List for the Fall of 1874, we beg to state that our stock in all departments is complete, and especially heavy of Standard Pear Trees. Having a surplus of Bartlett, we offer this variety at prices that defy competition.

Articles of the following list will be furnished at the prices only when the quantity specified shall be taken, except over 50 at 100, over 500 at 1,000 rates. The selection of varieties must be left partly to us, but as far as possible the wishes of our customers will be considered.

All orders are packed in the best possible manner, and delivered to forwarders free. We charge only the cost of boxes and packing material.

Our responsibility, as regards transportation, ends upon delivery of goods to forwarders, and taking their receipt.

Parties favoring us with their orders are requested to give plain shipping directions; in default of instructions we will use our best judgment.

Our terms of payment are 10 per cent. off for cash with order, or bankable note with interest, on short time at trade list prices. No per cent. off unless the cash comes with the order, or before shipment.

Our nursery stock is unusually good this season, being on land that is thoroughly underdrained.

FRUIT DEPARTMENT.

APPLE TREES.

ONE YEAR OLD TREES.

The particular attention of Nurserymen and others is called to our large stock of one year old Apple, Plum, Standard and Dwarf Pear and Cherry Trees. The Standard Pears and Apples are grafted on the crown or collar of the root, and stock trimmed to eight inches in length—the whole stock used for one graft. The Dwarf Pear, Cherry and Plum Trees are budded in nursery rows. For Nurserymen who wish to purchase young stock to grow, this is very cheap and good. Two to three hundred per cent. can be made in two years. This stock is of the right size for distant transportation by Express.

No orders received for less than 100 trees, or 25 of a variety.

	Per 100	Per 1,000
STANDARD PEARS, 1 to 2 feet high.....	\$12 00	\$100 00
“ “ 2d selection.....	6 00	50 00
